

ComfortQuik

Q: How soon until I see results of improvement in how my horse is moving and feeling?

A: 14 to 21 days - it's quick! Dosing depends on level of joint problem - moderate level gets 2 scoops per day, advanced level gets 3 scoops a day for 30 days.

Q: Can I race and show on ComfortQuik Original and ComfortQuik with Hemp-CBJ Complex?

A: Yes, our products are state lab tested free of all drugs, pesticides, herbicides, and there is no THC or CBD in them. We use herbs that work on cannabinoid receptors that are legal. We use USDA certified organic hemp seed oil and hemp protein powder.

Q: What trials were done on these products to show that they work?

A: 64 horses used this product for 15 months to help define the great effects of ComfortQuik.

ComfortQuik ...

... for older horses

... for better movement

... to address chronic lameness

... to reduce joint injections
